3. I understand that in the event that Camp America is unable to place me with my friend I will be willing to accept an individual placement provided one can be found.

### **Important Information:**

*If you wish to be considered for placement with a friend please be aware that Camp America will do everything possible to honour your request. However it can sometimes be difficult to place people together as Camp Directors are not used to accepting joint applications. This can be for a number of reasons – sometimes people who already know each other integrate less well with a group, employers may be worried that if one person doesn't enjoy the job or is homesick they will both leave and in some cases there may be only one place available. There are a number of ways that you can make your application more attractive to Camp Directors if you want to be placed with your friend. Be willing to work for the total amount of time (up to 12 weeks) and be willing to start your assignment at the same time. In order to help our placement staff to promote your applications we are asking that you confirm your willingness to do these things.*
